As a luxury and a means of preserving health these baths are unequalled. Also as a remedy for

COLDS, CATARRH, RHEUMATISM,

Diseases of the Lungs, Liver, Kidneys, &c.

To the Over-worked Brain-toilers and people of Sedentary Habits, it is one of the very best means of equalizing the Circulation, quieting the nerves, affording prompt relief to the brain and inducing prolonged and refreshing sleep.

They are adapted to the most sensitive invalid as well as the most robust constitution, so that even the first bath is really enjoyable.

PROF. L. T. TOWNSEND, D. D., SAYS:

"During the *two years*, while using the Turkish Bath once a week, I do not remember being detained from my professional duties *two days* by reason of sickness.
There can be no question that professional and literary men would greatly improve the *quantity* and *quality* of their productions by regularly visiting the Turkish Baths."

REV. W. H. H. MURRAY, SAYS:

"No one can ever know what bodily cleanliness is, what physical purification is, what a beautiful and sweet temple God gave for the soul to dwell in and use as its instrument, until he has been through the sanitary discipline of a Turkish Bath or something tantamount to it."

They are administered with care and discretion, under the personal supervision of

M. P. BROWNING, M. D., Proprietor.

PREFACE.

More than two years have elapsed since the last DIRECTORY OF MALDEN, MEDFORD, MELROSE, AND EVERETT was published, and the many changes in business and residence of the citizens make a new edition very much needed.

We have endeavored to present a trustworthy record of the inhabitants, business firms, public officers, institutions, and societies of the four towns, and we trust we have succeeded, in so doing, to the satisfaction of our patrons and the public generally.

We have been engaged in compiling and publishing Directories for nearly twenty years, and our experience during that time has enabled us to so systematize and extend our business, that, from a comparatively small beginning, we now publish more Directories than any firm in this country. We keep constantly employed a large corps of canvassers, compilers, proof-readers, printers, and binders, and the utmost care is taken in each department to avoid errors, and to present our works in an acceptable manner to our patrons.

Having lately removed our office from 242 Washington street to more commodious quarters in the granite building, No. 22 School street, we shall be pleased to see all of our patrons and friends who may wish to refer to our Directories, complete files of which are always kept on our shelves.

Many thanks are due to those energetic business men who have so willingly aided us in our efforts this year, and hoping we may merit a continuance of the same in the future, we remain,

Very respectfully,

GREENOUGH & CO.,

Editors and Publishers.

THE ÆTNA INSURANCE COMP'Y,

Of Hartford, Conn.

After a successful and honorable career of fifty-five years is still the leading American Insurance Company. The Company has paid in losses since the Chicago Fire, eleven millions of dollars. It has twice since that time renewed its capital stock, and is to-day paying dividends to holders of its stock.

What other Company has so magnificent a record? To all insurers in Stock Companies we say, "TAKE A POLICY IN THE ÆTNA." No other Corporation has any advantages over this Company, and none is more liberal in its rates, or more sure to settle a loss without controversy.

The subscriber attends to all business for the Ætna in Malden and vicinity.

CHARLES MERRILL,

At the First National Bank of Malden.

In the Middlesex Company **twenty dollars** will insure the same house **"sixteen years and eight months,"** to say nothing of interest on the premiums. Do not throw away your money on Insurance in remote or bogus Companies, when the best Company in the State will insure at the above rates.

TUFTS COLLEGE.

The college building is located on the line between Medford and Somerville, and is a brick structure, 100 by 60 feet, three stories high, containing a chapel capable of seating between 300 and 400, a library room large enough to receive 20,000 volumes, seven recitation rooms with adjoining rooms for professors, four other rooms used for lecture rooms, society rooms, etc., and three dormitories. There is, perhaps, no better college edifice in the country.

"To our Lady Readers.—We again take pleasure in recommending Miss Butler's Hair Dressing Establishment, 132 Tremont street, to our readers. The gentleness and courtesy of this pleasant lady assure to her customers a feeling of ease and enjoyment while under her hands, which is not always so certain where many hands are employed, and less pains are taken to perfectly suit patrons. The skill with which she crimps, curls, and arranges hair; *which is always done with strict reference to the style of beauty to be adorned;* and the fine effect resulting from some of her impromptu disposition of stray tresses, is remarkably fine. Her materials are of the best quality; hair the finest French to be obtained; rooms elegant and pleasantly located, and the taste displayed, shows that more than ordinary interest is manifested to please her many patrons, who comprise many of our wealthiest ladies."—*Golden Rule, Sept. 13, 1876.*
